Hi Mary,

Thanks for sending the memo, we will review and get back to you with any comments/questions by next week. Please note that we are hoping to have the meeting with Mayor Brand before TPL releases anything – including this memo. As I mentioned earlier this month, we'd like to make sure we are all on the same page, etc.. We are excited to have the meeting scheduled with TPL and Mayor Brand next week to discuss those next steps...

As far as the Council Workshop on the 9th, the City Manager is hoping that you are in the audience to hear the conversation regarding the lifecycle replacement costs. We think this conversation will help inform the work ahead.

I just tried your phone to discuss what WRT's preliminary findings are for the lifecycle replacement costs, so please let me know if you have a few minutes to chat before next week.

Thanks again,

WQS

Subject: Polling memo

Hi Wilma – In advance of the Council workshop next week, attached is a summary memo of the polling results from December. Folks will likely want something in writing, and for the stakeholder group, so this can serve as a public document with high level results. Please let me know if you have any thoughts/comments.

Thanks,

Mary
